

Business opportunities in the mining sector with Nexa Resources: update on the Magistral Project

*June 23-24 2021
Live Webinar and Bilateral Meetings*

SACE has guaranteed a 62.5 million dollars loan in favor of **Nexa Resources** - a major Brazilian mining company part of Votorantim Group - with the aim of facilitating the assignment of **new orders to Italian exporters**. Nexa's Senior Procurement Team is aiming to expand its portfolio of **Italian suppliers** for the deployment of the **Magistral Greenfield Project**, an open pit copper and molybdenum mine located in Peru. Furthermore, the Company is seeking for new potential suppliers for its **environmental and sustainability activities**, among others: final destination of hazardous waste, wastewater treatment and gas-washing system.

SACE, in collaboration with ANIMA, is pleased to invite you to a live presentation of new business opportunities with Nexa Resources followed by bilateral meetings' sessions with its procurement managers.
